Subject VB/I-70 4722 Race St. question

History:

 This message has been replied to.

Victor,

Jay and I talked a little bit about this property (4722 Race St.) and what needs to be done. We have a couple of questions for you and would like to be able to ask them over the phone or in person before we make any decisions. We are available next week on the following days and times:

Monday 4/7: 1 – 2PM

Tuesday 4/8: 11AM – 12PM
3 – 4PM

Thursday 4/10: 10AM – 12PM

Friday 4/11: 1 – 3PM

Would any of these days/times work for you? Let me know and I can set something up.

Also, I wanted to let you know that we are starting the process for ordering the XRF instrument for soil testing. We will be submitting the paperwork to our purchasing department next week. Jay and I were also curious, is there any existing EPA protocol/procedure for XRF sampling and testing that we should use? If not, we will work with Gene Hook on developing one for this project.

Thanks for your help on these issues!

Elizabeth
